

## **A message from Principal Tankesley**

Hello and welcome to the South Verde High School website. On this site you will find the tools that allow parents and students to be successful in and out of school. Our goal is to achieve the districts mission *“Providing students a safe and caring environment in which knowledge, skills, and attitudes enable learners to become productive citizens”* by offering a variety of opportunities that foster the social, emotional and academic needs of our diverse students.

At its core, South Verde offers a non-traditional online curriculum with over 100 electives including digital photography, game design and forensic science. However, we also offer in class opportunities such as English and physical education during the week and 4 hours of art on Fridays.

Please enjoy our website. For more information click on the contact link or come visit our school to meet our caring staff and take a tour.
