Dear Chairwoman,

The Camp Verde Unified School District strives to include all stakeholders in the planning and development of education programs. The results of the Native American Parent Surveys sent home earlier this year, indicated that the District needs to strengthen its efforts to communicate with parents. We received only 4 surveys back out of 187 mailed home to parents. The feedback in the surveys included a suggestion that we shorten the survey. Due to the feedback, and lack of participation, we have a plan in place to: shorten the survey, use our system auto-dialer and our school site Facebook pages to remind parents to participate in the surveys. We are currently working to develop a new website in which we will continue to dedicate a webpage for information relating to Indian Education. We will post the survey form there as well. This will be an ongoing effort as we work to create resources for parent-school communications.

We look forward to our next Joint-Work Session with you and you're Council on March 26th- See you soon!

Thank you,

Danny Howe
