Dear Chairwoman,

Camp Verde Unified School District strives to all stakeholders in the planning and development of education programs. The results of the Native American Parent Surveys, indicate that parents would like more specific information on curriculum, syllabi and testing information in regards to their students and the classes they are taking. Camp Verde Unified School District is currently working to develop a specific website page for information relating to Indian Education. In addition, Principals are working with their staff to post curriculum information as well as testing dates on their school websites. This will be an ongoing project as we work to create resources to inform parents.
