

## Weekly Board Report 12 December 2017

Believe it or not, auditions for the Theatre Arts Guild's spring musical are right around the corner! If you'd like to know more or would like tips on making your audition successful, please attend the musical audition workshop NEXT MONDAY (Dec. 18) from 3:45 to 4:30 pm in the Choir/Drama room at the back of the theatre. Auditions will be held the week of Jan. 16th, so start prepping now! See Mrs. Worden or any TAG officer with questions.

NHS is providing Tutoring on Monday & Wednesdays in room 123 for any students that need a little extra help in a class.

Wrestling-

Fri/Sat. 12/15-16/17 Window Rock Invitational

Girls Basketball-

Tue	12-12-17	Chino Valley	Home	2:30	5:30
-----	----------	--------------	------	------	------

Thu	12-14-17	Horizon			
Honors		Home	2:30	5:30	

Fri	12-15-17	Tonopah			
Valley		Away	2:30	5:30	

Boys basketball-

Tue	12-12-17	Chino Valley	Home	4:00	7:00
-----	----------	--------------	------	------	------

Thu	12-14-17	Horizon			
Honors		Home	4:00	7:00	

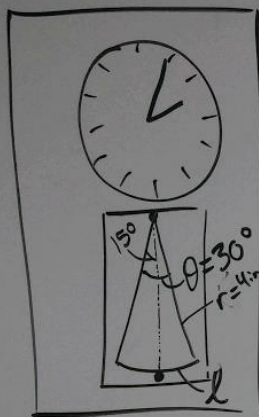

Fri	12-15-17	Tonopah			
Valley		Away	4:00	7:00	

Football Banquet at the Lodge at Cliff Castle Casino on December 13<sup>th</sup> @ 5:30 PM.

Choir/Band Concert on December 14<sup>th</sup> @ 6:30 PM in the MUC.

### South Verde Math:

We're asked to find the arc length of the swing of a certain pendulum on a clock. The pendulum swings 15 degrees to either side for a total angle of 30 degrees. We convert 30° to  $\pi/6$  radians, then use the equation  $L = \theta \cdot r$ . With a radius of 4 in, we find the arc length to be about 2.1 inches.

Find arc length ( $l$ ):

$$\theta = 30^\circ = 30^\circ \left( \frac{\pi}{180^\circ} \right) = \frac{30\pi}{180} = \frac{\pi}{6}$$

$$\theta = \frac{\pi}{6}$$

$$l = \theta r$$

$$l = \left( \frac{\pi}{6} \right) (4 \text{ in})$$

$$l = \frac{2\pi}{3} \text{ in}$$

$$l \approx \boxed{2.1 \text{ in}}$$

### Enrollment:

Enrollment at South Verde continues to rise. This week alone, we have handed out 7 enrollment packets. Most are interested in starting prior to the end of the semester.

Camp Verde Middle School would like to congratulate its Students of the Month: 6<sup>th</sup> grade, Jose Adrian Navarro; 7<sup>th</sup> grade, Kailee McKinley; 8<sup>th</sup> grade, Corey Johnson; Athlete, McKenna Martin. Way to go boys and girls. We are proud of you!!! The 8<sup>th</sup> grade student and one of their parents gets treated to breakfast and honored at the Kiwanis' monthly meeting. We would also like to recognize our Employee of the Month: Mrs. Robin Tankesley. Robin teaches 8<sup>th</sup> grade Language Arts and Gifted. She is a warm and caring teacher who puts everything into helping her students grow. We are proud to call her ours. Congratulations Robin!!

Last Wednesday, Mr. Howe received a phone call from the Flippen Group, letting him know that Camp Verde Middle School has been nominated once again as a "National Showcase School" for Capturing Kids' Hearts. The last two years CVMS has been named a "National Showcase School". Also on Wednesday, Prescott Mile High Middle School brought their assistant principal and 5 teachers to visit CVMS to observe what we were doing on our campus. Here is what Andy, the assistant principal had to say about their visit:

Danny,

*Thank you so much for your time and for opening up your campus to us yesterday. Your passion is contagious and my team was so grateful to be able to see your school and bring ideas back to our campus. I know how busy you are and I really appreciate you taking the time to speak to us and answer our questions. Please let your staff know how impressed we were with their professionalism and the way they ran their classrooms. It was all very inspirational for us. We now know how CKH can transform a school and will work even harder to make it happen at Mile High.*

*Thank you for these resources as well.*

*If we can return the favor in any way, please don't hesitate to let me know.*

*Thanks again for everything and enjoy the weekend.*

*-Andy*

Volcanoes are erupting in our 7<sup>th</sup> grade Science classes! The seventh grade students and Mrs. Ligon experimented with Diet Coke and Mentos to produce huge, erupting volcanoes during Science class this week. The purpose of this experiment is to demonstrate an almost explosive phase change from dissolved CO<sub>2</sub> to gaseous CO<sub>2</sub>. We summarized that Mentos dropped into Diet Coke will cause the CO<sub>2</sub> to rapidly form gaseous bubbles resulting in an explosion. During the past six weeks, we've learned that inside our Earth is very restless, starting with plate tectonics, layers of the Earth, earthquakes, and now volcanoes.

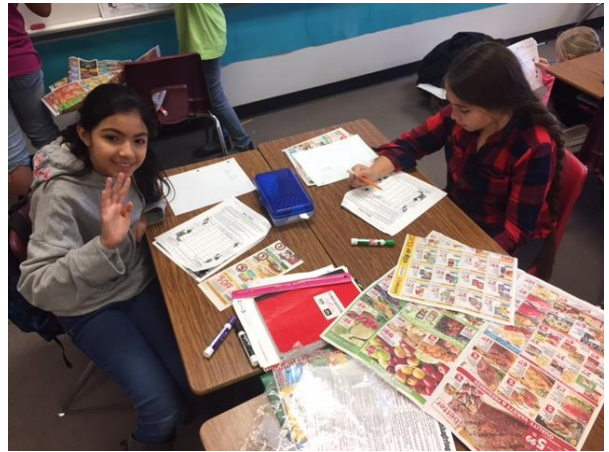

Winter sports are off to a good start. The boys' teams have their first home games this Tuesday and Thursday, against Beaver Creek and Clarkdale respectively. The Christmas concert is this

Thursday beginning at 6:30 pm in the auditorium. The “Winter Ball”, Christmas dance hosted by student council, is next Wednesday evening December 20<sup>th</sup> from 6-8pm.

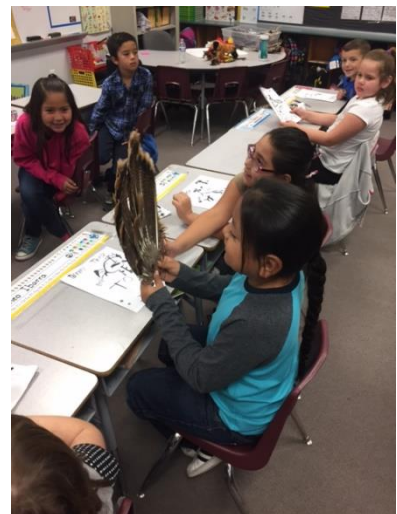

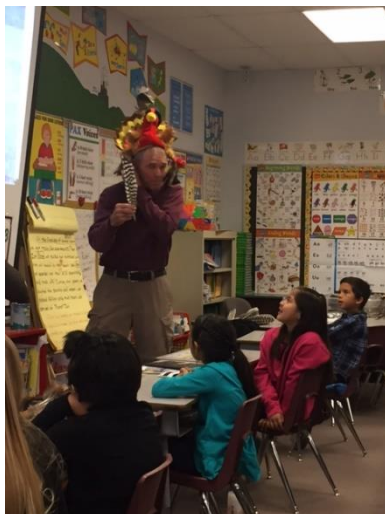

#### 5<sup>th</sup> Graders Plan a Holiday Meal

Students in Mrs Wattenbarger's class teamed up to prepare a Thanksgiving meal together. They planned the traditional meal, then shopped in real-life ads for math class. They had a lot of fun, and realize how much a Thanksgiving dinner really costs! It is always a fun project!

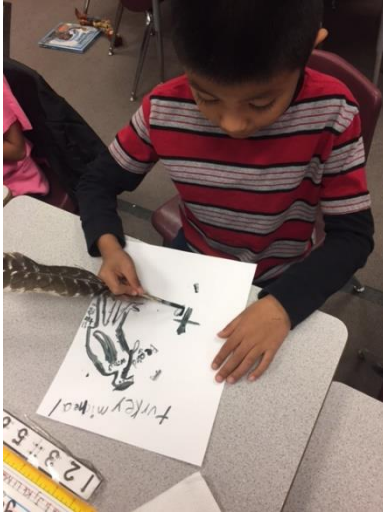

#### Mrs. Lowman's 2<sup>nd</sup> Graders Learn About Turkeys

The day before Thanksgiving break, Mr. Bachelor came and taught the students all about turkeys. They learned the names of the turkeys: a female turkey is a hen, a male turkey is a tom and a kid turkey is a jake. They also learned about the spur, beard, tail fan, and wing. Students practiced writing and drawing with turkey feathers! They had fun looking at the real parts and making the calls, too.

### Mrs. Gillman's 1<sup>st</sup> Grade Class is BUSY!!!

From Mrs. Gillman:

*We are publishing a class book through Student Treasures. The book is a collection of student writing and drawing is called Animals We Love. Our hardcover copies should be here in a few weeks!*

*For Thanksgiving, each student in the class contributed to our class trail mix recipe. Before eating, each student shared something they were thankful for.*

*We are rocking Math! We are working hard on chapter 4, where we have to mix addition and subtraction together.*

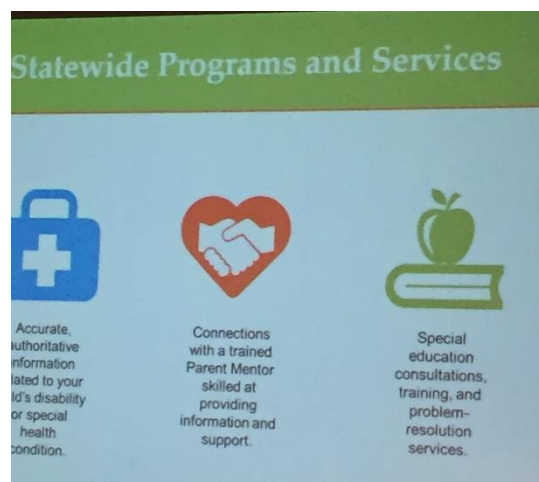

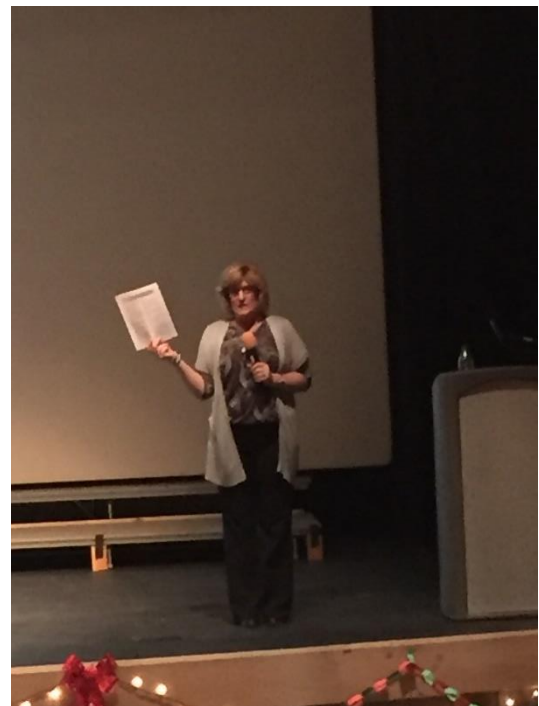

Important Upcoming Dates for Elementary School

Monday	Tuesday	Wednesday	Thursday	Friday
11 3:00 Literacy Team Meeting in room 210	12 7:00 Board Meeting	13 CKH Process Champion mtg. @ 3:45	14 End of Q2 Band/Choir District Program @ 6:30 p.m.	15
18 <b>GRADES DUE!</b> <b>PLC @ 3:00 in lab</b>	19 Choir and Mrs. Reddell's class to the State Capitol and the Science Center 8:30-4:30	20 EQUIP meeting @ 3:00 p.m.  Staff Christmas Party in the art room 3:30-4:30	21 <b>REPORT CARDS GO HOME!</b> Awards Assemblies:  1st 8:15-8:35 2nd 8:40-9:00 3rd 9:05-9:25 4th 9:30-9:50 5th 9:55-10:15  Holiday Movie Fest: (Sign up in mailroom)  10:30 – (26 min.) How the Grinch	22

			<p>Stole Christmas</p> <p>11:00 – (22 min.) Merry Madagascar</p> <p>12:30 -- (100 min.) The Polar Express</p>

In the **ESS Department**, we collaborated with Cottonwood-Oak Creek and Sedona school districts to bring Raising Special Kids to do a free IEP (Individual Educational Plan) Training for our parents and staff. We had 25 people in attendance. Parents left expressing they had a better understanding of the IEP process. Staff were able to collaborate with parents during the social/snack time after the presentation.

Parents learned about statewide programs and services available. They also learned that Arizona has a Parent Training and Information Center for Special Education. Parents walked away from the training understanding how students become eligible for special education services; the purpose and overview of the IEP components, meetings, and document; strategies to ensure their child is making progress; and resources for special education issues. It was a great evening for all who attended.
